# OFFICE OF LEGISLATIVE COUNSEL

Friday - 18 October 1974

25X1				
25X1	Received a call from John Robbins in the office of Representative Earl F. Landgrebe (R., Ind.). Robbins inquired if there had been a vote in the past six months on any measure to reduce CIA appropriations. I replied that CIA appropriations are never voted on on the floor, and that there had been votes on whether the CIA budget should be publicized and on restricting CIA funds for certain purposes, but that to my knowledge there has not been a vote on the floor of either House which would have reduced CIA appropriations.			
25X1	Called Bob Bedell, OGC/OMB, and inquired as to the coordination by OMB on H.R. 12471, amending the Freedom of Information Act, following the President's veto. According to Bedell, the President will propose compromise amendments, and the Agency will be included in the coordination to formulate an Executive position. Bedell agreed that we would stand a better chance for acceptance of the President's comproming in the Senate under the leadership of Senator Roman L. Hruska (R., Neb.), in view of the overwhelming vote in favor of the bill in the House.  Earlier in the day I talked to Jim Kronfeld, Staff Counsel, House Government Operations Subcommittee on Foreign Operations and Government Information, and inquired as to when the Congress would vote on the President's veto on H.R. 12471. According to Kronfeld, this will be one of the first votes taken when the Congress returns from recess on 18 November.			
357A1TOTHR	After being notified by Personnel that a check of Security, Personnel, and DDO records had turned up nothing on  I called Miss Cynthia Mora in the office of Representative  John L. Burton (D., Calif.) and told her we had no record of  She thanked me and indicated no further action was necessary.
